

# black bear / red chair California Petite Sirah 2010

## *A TRUE WORK OF PASSION !*

Three great appellations for Petite Sirah make up this lush opulent blend. First the Sierra Foothills 2,500 ft. elevation vineyard produces Petite Sirah fruit of great intensity and layered structure. The Delta region Petite Sirah has incredible deep color, rich, thick fruit with an elegant acidic back bone. The Lodi region is where the "sexy" Petite Sirah fruit comes from. Luscious blueberries with more layered, gorgeous, deep, mouth-filling blueberries showcasing a deep rich color in the glass.

When you blend all three of these exhilarating Petite Sirahs and age 50% of the juice in French and American oak, the result is a visually striking, dramatically involving, artistically impressive Petite Sirah.
